As TLS supply traffic management labour to many different companies, there is a great likelihood that a partner will conduct business with more than one client, supplier or third parties. It is important to us that we provide the best possible partner service and overall experience. To maintain a complete overview and insight into which partners have relations with the various clients, suppliers and third parties, we will therefore share your data with these clients, suppliers and third parties. The aim of this is to ensure that you can access the relevant information on time and that you are not contacted more often than is necessary for you or for TLS.

TLS does not share your personal data with third-parties who intend to use the data for marketing purposes.
